

A photograph of three surgeons in an operating room, wearing blue scrubs, masks, and caps. They are focused on a surgical procedure. The image has a blue color cast and a diagonal white line running from the top left to the bottom right.

**REINSBERG®
GROUP**

REINSBERG

A EUROPEAN SOLUTION PROVIDER
FOR HOSPITALS ACROSS THE GLOBE

BHMgroup

“Our mission is to invest in and build companies that create real value for society. We aim to develop products and services that truly help people.”

Reinsberg® Group is part of the European family office BHM group.

BHM group is a rapidly expanding European investment firm that manages dozens of European companies, combining a number of synergistic effects, along with extensive experience and a strong financial position.

BHM group fosters the growth of its partner companies with a perspective focused on sustainable long-term expansion.

Strategy

Mission

To deliver complete hospital and surgical environments through modular, intelligent, and sustainable European-engineered solutions.

Vision

To become the go-to European MedTech platform for full-scale ER-to-OR-to-ward deployments, seamlessly combining infrastructure, technology, AI and patient care equipment.

Purpose

To transform healthcare environments, at every scale, by delivering infrastructure that empowers clinicians to focus on patient care.

Tailored Solutions

Providing customer tailored solutions from one source

Innovative Collaboration

Combining the Group's R&D power to develop innovative solutions and products

Diverse Expertise

Provide project and product solutions based on the expertise the Reinsberg Group companies

Global Impact

Be a strong, long-term partner for customers globally with the strengths of the Group

REINSBERG[®] GROUP

Reinsberg[®] Group encompasses European companies under one unified brand specializing in providing high-quality solutions in the field of healthcare.

BERG

Revenues
130+ mil. EUR

The goal of Reinsberg[®] Group is to build a powerful MedTech Group of European based medical manufacturers, which globally provide their customers with cutting edge, yet affordable hospital solutions and products from one source.

Number of
employees 800+

As a bridge between its innovative MedTech companies, Reinsberg[®] Group unites capabilities to advance science and research, expanding a world-class portfolio of goods and services that strengthen healthcare infrastructure across the globe. From projects large to small, the Group delivers lasting impact on healthcare systems and the societies they serve.
